

# Coffee Filter Butterfly

Scripture Reference: John 3:3

“Jesus replied, “Very truly I tell you, no one can see the kingdom of God unless they are born again.”

## What You Need:

- Workspace (will be using water): cookie sheet, newspaper, old towel, etc.
- 1 round coffee filter
- markers (not crayons)
- spray bottle of water
- clothespin
- pipe cleaner

## What You Do: - ADULT SUPERVISION

- Prepare a workspace by using one or more of the items listed above.
- Flatten out coffee filter and place on your workspace.
- Using markers, color the filter. You can make scribbles, designs, etc. You can also color the clothespin or draw a smiling face on it like the pictures above.
- When finished coloring, use the spray bottle to mist water on the coffee filter. Cover it completely – but don't oversoak it.
- Set filter aside to dry. (takes about an hour or two)
- When dry, gather the filter in the center by pinching it together. Use the clothespin to secure it.
- Take the pipe cleaner and make a “V” shape. Curl the tops of the “V” slightly outward to create an antenna.
- Open the clothespin slightly and place the pointed end of the antenna into the clothespin.
